

COUNCIL NAMES LIBRARY BOARD

Appointments of Mayor Bransford Are Approved Without Dissenting Vote.

TALK ABOUT FORFEITURE

CONTRACTORS AND THEIR CONTRACTS ARE DISCUSSED.

Mayor John S. Bransford last evening submitted to the council appointment of five members of the library board, as follows:

Herman Bamberger, in place of C. C. Goodwin, resigned; E. F. Johnson, in place of Fisher Harris, who has not qualified; Mrs. F. A. Vincent and J. D. Spencer, reappointed; George D. Blood, a new member.

The terms of Mr. Bamberger and Mr. Johnson expire June 30, 1910, and that of the others June 30, 1911.

The matter of clearing the sidewalks in the business district, and especially in front of hardware and machinery stores, of all manner of obstructions, came up, and the chief of police was ordered to see that the ordinance provisions are complied with.

A communication from the auditor stated that the federal government has as yet refused to pay for its share of paving Market street, opposite the post-office, and recommended that the amount, \$1,539, be paid by the city out of the street fund. This was referred to the finance committee.

Question of Overtime.

The pay roll of the board of public works was held up in so far as it applies to the payment of inspectors for extra time. Fernstrom stated that there were twenty-one inspectors employed during the last two weeks of July and that one during the month was credited with thirty-four days' work at \$3 a day. His job is watching the steam shovel work on First South street. After much aimless discussion, it was decided to give the men their regular wages for the month and to hold up the extra time for the finance committee to pass upon.

The question of running the pumping plant for the intercepting sewer with gas instead of electrical energy was discussed and the board of public works was instructed to advertise for a suction gas-producing plant. This was done, because it was thought that the price asked by the gas company to supply gas is altogether too high.

Matter of Forfeiture.

The matter of deducting \$500 from the final estimate of Davis & Heuser for their failure to complete sewer extension No. 13 on time was considered and, by a vote of 8 to 5, it was decided not to enforce the forfeiture. Black gave notice of reconsideration and the matter will come up again next week.

The contract of this firm provided that a penalty of \$10 a day should be exacted for delays and it was said the work was not finished until sixty-five days after the period provided in the contract had expired.

The fight was vigorous, and Stewart, in defending Davis & Heuser, pointed to the fact that Moran had always been favored in this manner. He "called" the councilmen who desired to secure the penalty for the benefit of the assessment payers as working in the interests of some one else.

He was called sharply to order for this by Fernstrom, who declared that Stewart has always defended Davis & Heuser as well as others who have stood by Moran. After much wrangling the vote was taken and resulted in a victory for the contractors. Councilman Moran, a month ago, stated that he would never again vote for relieving a contractor from his penalty, voted with the majority.

Money for Liberty Park.

The board of park commissioners asked that they be given \$10,000 for the improvement of Liberty park. They wanted \$2,000 to enlarge and clean the lake, \$2,500 for a propagation house, \$1,500 for benches and \$2,500 for buildings. This went to the finance committee.

An adjournment was taken until Thursday evening to complete the other business and to pass a resolution authorizing the advertisement of bids for the \$900,000 bond issue.

OLD RESIDENT DEAD.

J. W. Cannegieter Passes Away in Murray From General Debility.

J. W. Cannegieter died last night at 10:15 o'clock at his family residence on Vine street, in Murray. He was 75 years of age and had long lived in this region. He is survived by a widow and six children, whose names are: Harry, Will, Frank, Coby, Annie and Kate. Arrangements for the funeral have not yet been made.

MIXED RATE TABOODED.

The Denver & Rio Grande have inquired of the interstate commerce commission has been informed that through passenger rates made up of rates of different classes will not be approved. The D. & R. G. had wanted to sell tickets to New York which should provide for a first class passage to Chicago and a second class passage from Chicago to New York. This arrangement was designed to secure passengers the convenience of through checks for their baggage while at the same time giving them the benefit of the very low second class rate—\$10—now prevailing between Chicago and New York.

Talks on Investment No. 2

After carefully considering all kinds of investments, the fact remains that real estate—

IMPROVED AND PRODUCTIVE REAL ESTATE—

is the best and safest security for money. This company issues First Mortgage Certificates that pay 6 per cent that you can hold in your own name, free from tax, secured by our capital and surplus of \$300,000.00.

Salt Lake Security & Trust Company
34 Up. Main Street

RARE OGDEN IS CUT IN HALF

Regular Service Over Salt Lake & Ogden Railway Starts Today.

Simon Bamberger, president of the Salt Lake & Ogden railway, will today see accomplished the thing he has labored so many years to achieve: the opening of his line and the running of regular trains between Salt Lake and Ogden.

The event will be celebrated at Ogden and it is expected that both Salt Lake and Ogden will be represented at the celebration.

This evening Mr. Bamberger will entertain 150 prominent men of the two cities at a banquet at Ogden.

It has been decided to run six regular trains from each end of the new line.

The first train from Salt Lake will start at 4:45 o'clock in the morning and the last at 8 o'clock in the evening.

The first train from Ogden will start at 6:30 o'clock in the morning and the last at 9 o'clock in the evening.

The round trip fare will be \$1, which is more than cutting the present railroad fare in half.

A RIO GRANDE EXECUTIVE

A. H. Cowie Will Direct Affairs of Road From This End of Line.

The executive department of the Denver & Rio Grande railway will hereafter be represented here in a branch office which has been established in the Judge building with Vice President A. H. Cowie in charge.

Mr. Cowie, who is a former Salt Lake, was until recently assistant to Vice President Schlacks. He has been given the title of a vice president, and will direct the affairs of the road from this end of the line. His return to this city will be a source of gratification to his many friends here.

The action of the company in establishing a branch headquarters here is in line with the growing importance of Salt Lake as a railroad center. Its prestige will make another decided gain when traffic is opened over the Western Pacific line.

TROUBLE SEEKER IS SHOT

Emma Branch, Colored, Discovers Tartar When She Tries to "Fix" Mary Garrett.

Believing that her "fair name" had been maligned, Emma Branch, a negress of that name, of the city where the light of this great state, the fairest of the forty-six, without a peer in the universe, the very rock on which the city of the mountain streams, the streams to the rippling waters of our lakes, the lakes to the lofty, snow-capped mountain peaks, to crag.

And that on ice water.

After the governor was finished, the guests at the dinner with noticeable relief to the toast, "Women in Politics." In which Mrs. Lucy A. Clark, who was a delegate to the Republican national convention, traced the growth of the woman suffrage movement in the United States and predicted its rapid spread in every state in the country.

Sutherland's Corpse Comparison.

Senator Sutherland followed with his apt metaphor. He said:

"I am reminded by the introduction of the toastmistress that the subject of my toast is 'The Ladies.' There is a delightful thing about a toast, you don't have to mind of a lady in which the scene is located in a staid and solemn New England village where the chief recreation and amusement of the people is found in attending funerals. On one of these occasions the hearse broke down on the way to the church, and the driver, a very young man, was killed. The funeral was held the next day. We have mislaid the corpse." Like the New England preacher, he mislaid the subject.

The only politics the senator interjected into that portion of his subject of my toast is a very delicate matter of the Republicans of Utah on the platform framed and the ticket selected at the Chicago convention.

Job Lyon, disappointed in his hopes to secure the Republican nomination for district attorney, was given as a very timely and deadly effect, as the bullet entered the chest of the Branch woman and lodged in the back. It is thought to have passed through the lungs, liver and kidneys.

The woman who had done the shooting immediately fled from the scene and gave herself up. She claims self defense.

The injured woman was taken to the emergency hospital, where Dr. S. G. Paul, police surgeon, made an examination and, after stopping the flow of blood, gave her a transfusion and was sending her to the hospital. She was later removed to St. Mark's hospital. She resides at 65 Edison street.

CITY HAS BIG OVERDRAFT

Municipality Is Paying Interest on \$246,803 of Current Indebtedness—Actual Deficit Is \$420,000.

At the close of business July 31, the city was paying interest on a net overdraft at the National Bank of the Republic of \$246,803.14.

At the same time the cash balances in the general and special funds aggregated \$306,000. The balances in the special funds amounted to \$173,000, and in the general funds to \$133,000.

This would make the total overdraft in the general funds, where all the excess expenditures are found, approximately \$133,000. The exact figures cannot be given until the auditor prepares his report on outstanding warrants on July 31.

The interest paid by the city on the net overdraft amounted to \$1,350.75 during the months of June and July. During June the overdraft increased from \$134,000 on June 1 to \$219,000 at the close of the month, but during July the increase was only from \$223,000 to \$246,800. This small increase is due to the large amount of license revenue secured during the past month.

POLITICAL MEET SANS POLITICS

Disappointed Speakers at Republican Banquet Forget Their Subjects.

SUTHERLAND'S METAPHOR GRAND OLD PARTY COMPARED WITH A CORPSE.

The noticeable feature of a banquet at Saltair given last evening by the Women's Republican club was the absence of political prophecies. No one expressed hopes of a victory or gave the two hundred and forty Republicans present any encouragement. Senator Sutherland instead, perhaps, perhaps, and gravely—and without an attempt at a pun—compared the Republican party to a corpse.

Gathered beneath an American flag at the head table was a coterie of Republican dictators and disappointed victims of the dictatorial domination of the party. They were given the consolation of being the speakers at the gathering. They devoted most of their remarks to the praise of the ladies and the banquet and fought shy of talking politics. Among those who ate heartily, smiled much and said little were Postmaster Arthur L. Thomas, gubernatorial-nominee-to-be William Spry, Congressman-Re-nominee-to-be Joseph Howell, District Attorney Hiram E. Bredin, and several deputies. Postmaster General Arthur L. Thomas, County Clerk Howard A. King, Major Bredin and the rest.

After the banquet, Mrs. D. C. Eichnor, who was toastmistress, welcomed the guests of the club and introduced the speakers who were to respond to toasts. With the whistle of the excursion boat, the prattle of picnic parties who weren't interested in Republicanism and the music of the dancing on the pavilion floor overhead, Governor John C. Cutler in a speech that was described by many as the best the governor had ever read, read a response to the toast, "Our State."

The Governor's Gem.

Among other things, he said:

"Were I to leave unsaid what might be said of the history of this great state, the fairest of the forty-six, without a peer in the universe, the very rock on which the city of the mountain streams, the streams to the rippling waters of our lakes, the lakes to the lofty, snow-capped mountain peaks, to crag. And that on ice water."

After the governor was finished, the guests at the dinner with noticeable relief to the toast, "Women in Politics." In which Mrs. Lucy A. Clark, who was a delegate to the Republican national convention, traced the growth of the woman suffrage movement in the United States and predicted its rapid spread in every state in the country.

Sutherland's Corpse Comparison.

Senator Sutherland followed with his apt metaphor. He said:

"I am reminded by the introduction of the toastmistress that the subject of my toast is 'The Ladies.' There is a delightful thing about a toast, you don't have to mind of a lady in which the scene is located in a staid and solemn New England village where the chief recreation and amusement of the people is found in attending funerals. On one of these occasions the hearse broke down on the way to the church, and the driver, a very young man, was killed. The funeral was held the next day. We have mislaid the corpse." Like the New England preacher, he mislaid the subject.

The only politics the senator interjected into that portion of his subject of my toast is a very delicate matter of the Republicans of Utah on the platform framed and the ticket selected at the Chicago convention.

Job Lyon, disappointed in his hopes to secure the Republican nomination for district attorney, was given as a very timely and deadly effect, as the bullet entered the chest of the Branch woman and lodged in the back. It is thought to have passed through the lungs, liver and kidneys.

The woman who had done the shooting immediately fled from the scene and gave herself up. She claims self defense.

The injured woman was taken to the emergency hospital, where Dr. S. G. Paul, police surgeon, made an examination and, after stopping the flow of blood, gave her a transfusion and was sending her to the hospital. She was later removed to St. Mark's hospital. She resides at 65 Edison street.

INJURED BOY DIES.

Operation Fails to Save Charles Owen, Hurt at Saltair.

Charles Owen, the fifteen-year-old boy who was injured at Saltair by diving in the lake, died yesterday afternoon, after a very lengthy operation at the L. D. S. hospital. When he jumped from a pier to the water he went directly to the bottom and struck a stone which shattered one of the cerebral ventricles. The bone was removed from his neck in four pieces. Had he been allowed to go without the operation the physicians declare he would not have lasted more than a few days at most, and in order to save his life it was necessary to remove the bone pressing on the spinal cord, were removed.

He was paralyzed from his neck down, and was in that condition until he died.

HORSEBACK RIDE MISS GIRL'S LIFE

Miss Evelyn Tanner Mortally Injured While Taking Exercise at Cokeville.

As the result of a shocking accident, the body of Miss Evelyn Tanner is now on its way to Salt Lake from Cokeville, Wyo. Miss Tanner was 16 years of age, the daughter of Mrs. Lucy Tanner of Cokeville, and was well known in Salt Lake, having been a recent visitor here.

Last Wednesday evening at about 8 o'clock Miss Tanner, in company with a number of girl friends, went for a horseback ride in the country about Cokeville. Whether she had a fractious horse and was thrown, or whether the horse stumbled and fell, is not known; but, at any rate, Miss Tanner struck the ground with her head and was rendered unconscious. She never regained her senses.

Miss Tanner was attended by a local physician, and, on Saturday, Dr. C. C. Snyder, an uncle, was notified of the desperate nature of her condition. Knowing full well that he could not render any assistance at Cokeville, where there is no hospital, nor accommodations such as the case required, Dr. Snyder instructed those in attendance to bring the girl to Salt Lake, meanwhile having sent to Cokeville Miss Lydia Lantz, a trained nurse.

The patient was placed on a train at 7 o'clock yesterday morning, but her condition was so bad that she died before reaching Granger at noon. Her mother and a number of her relatives were present when the end came.

The body was expected to arrive at an early hour this morning. Arrangements for the funeral, of course, cannot be announced until the family arrives here.

LOCAL BRIEFS

MISS ELIZABETH BLACK and Milton Tate were married March 13 last at Farmington, Davis county.

L. COROMILAS, the Greek minister, who is visiting Salt Lake, was entertained at luncheon yesterday afternoon at the Commercial Hotel. Dr. Peter Kasinikos, president of the Greek community here, and N. P. Stathakos, leading Greek residents of Salt Lake, and eight other persons enjoyed the luncheon. Addresses were delivered by Governor John C. Cutler, Judge Morris L. Ritchie and Mr. Coromilas.

A NEW roadmaster's district has been created on the Idaho division of the Oregon Short Line west of Pocatello. The new roadmaster in charge of the district is Thomas Sinnott, formerly assistant roadmaster of the Utah division. His headquarters will be at Glenn's Ferry, Idaho. Elmer Holt has succeeded Mr. Sinnott as assistant roadmaster at Pocatello.

ALLEGED THAT her husband has failed to support her since she last saw him, E. Foster is suing Joseph W. Foster for divorce. Their married life seems to have been short lived, as they were married December 12, 1907. It is alleged that the husband earns \$15 a week and the wife asks for \$10 a month alimony and \$25 attorney's fees.

THE COUNTY ATTORNEY issued a complaint against John Dubois of Brigham on charges of assault with intent to kill. He attacked Lee Fair with a knife Sunday afternoon.

A COMPLAINT was issued yesterday in Judge C. B. Diehl's court against Councilman L. D. Martin, charging abusive language and breach of the peace. The allegation of which the complaint is the result is said to have occurred during an argument about the bond issue on last Wednesday evening.

MISS ELLA COTTE, who has been at home with her mother since the death of her father, will leave soon to resume her work in vaudeville with a company out of Chicago. Miss Cottle, whose stage name is Eleanor Elise, will probably be here on the Orpheum circuit this winter.

LON J. HADDOCK, secretary of the Manufacturers and Merchants' association, yesterday afternoon made arrangements with Mayor Bransford for a meeting this morning in the mayor's office, at which the proposed park around Ensign peak will be discussed.

ERNEST STENGER, general superintendent, and S. V. Derrah, assistant general freight agent of the Denver & Rio Grande railroad, have returned from their trip over the Rio Grande line in Utah with Traffic Director Boyd.

GEORGE HAMPSHIRE, a lamp trimmer for the Utah Light & Railway company, was seriously injured as the result of a fall from a pole. He had climbed the electric light pole to trim a lamp, and in some manner lost his footing. He jumped to the ground and struck with such force that his back was sprained and bones were broken in both feet. He was taken to the hospital and Dr. Van Cott attended his injuries.

THE FIREMEN were called to 430 State street last night, where they found a negro boarding house in flames. The fire had started in a pile of shavings and the fire was about \$400. There was no insurance.

REV. E. C. PARKER, pastor of the Liberty Park M. E. church, is at the Latter-day Saints hospital in a critical condition from typhoid fever. He was taken there last night, but was removed to the hospital until Friday. He did not improve as fast as could be desired and last night reports from the hospital indicated that he was in a critical condition.

GOES AFTER GERMS. How Hyomel Does Its Work in Curing Catarrh.

The natural way of curing disease is always the scientific way, and the scientific way of curing catarrh is the simple way, with Hyomel.

Catarrh is a germ disease and can be cured only by using Hyomel, the treatment that reaches and destroys all catarrhal germs.

Breathed through the neat pocket inhaler that comes with every outfit, the Hyomel medication reaches the most remote air cells of the nose, throat, and lungs, going after the catarrhal germs wherever present, destroying them and preventing their growth, thus curing the disease.

F. C. Schramm sells Hyomel under a guarantee to refund the money if it does not give satisfaction. Begin use at once. The cost of a complete outfit is only \$1.00.

For sale by F. C. Schramm, druggist, corner First South and Main streets, "Where the Cars Stop."

Extra Specials in Knee Pants and Waists.

228-230 MAIN

ERROR IN ELECTION FIGURES

Correction Made When Returns Were Canvassed by Council Yesterday.

The water bonds carried by a majority of 49 and the sewer bonds by a majority of 28.

These are the correct figures from the official returns as canvassed by the council at a special session yesterday noon. The original returns showed a majority for the water bonds of 50 and the sewer bonds of 30.

The decrease is principally due to a mistake in the returns from the Fourth ward, from the Thirty-second and Thirty-fourth districts. These districts reported 194 favorable to both sewer and water bonds and 121 in opposition. The correct returns are 196 for both sewer and water bonds and 123 against the water bonds and 182 against the sewer bonds.

Aside from this change there are only a few minor corrections in the list as already published.

After the returns had been read by the recorder and tabulated they were signed by the eleven members of the council present and this formally approved and made legal the bond issue of \$50,000.

Increasing business has caused J. William Payne, doctor of optics, to form the J. W. Payne Optical company and seek a Main street location. The new company will occupy the store at 219 Main street and the place will be opened for business probably next Tuesday, when Dr. Payne will move from his present offices at 162 Main street, where he has practiced for a year and a half, with great success.

Dr. Payne will be manager of the company. It will have the front part of the store occupied by the Wasatch Supply company. A complete line of optical goods will be carried. Dr. Payne who is a scientific optician, will be in charge, to attend to the wants of the public.

The quality of the work of the Payne company will continue to be up to the high standard set by Dr. Payne and which has resulted in the increase of business which has necessitated the seeking of larger quarters.

She Drew a Lemon in Garden of Love

Mrs. Grace Lemon got hers in the garden of love apparently, for she yesterday secured a divorce from John Lemon. Lemon did not prove to be the real thing, the citrus line until four years ago, when his wife says she refused to support her and had nothing for her since. They were married Jan. 4, 1881, at Needles, Kan.
